

Dental Care Benefits – WA Health Maintenance Radisson Plaza

When you sign up with WA Health Maintenance, you must first select a Dental Centre from the list outlined later in this booklet.

WA Health Maintenance will not pay for dental work performed outside of your chosen Dental Centre unless you are referred to a Specialist by your WA Health Maintenance dentist.

If an eligible member or dependent has a **dental emergency** and a network dentist is not available, the patient may see another dentist to alleviate the emergency and receive up to \$150 reimbursement per emergency visit.

If you are referred to a specialist, WA Health Maintenance normally pays 50% of the cost of such dental work.

Who is covered by this Plan?

If you are a full-time employee, this Plan covers:

- you
- your spouse
- your dependent, unmarried children who are under 19 years of age and living in your household, (in the case of a dependent child who is a full-time student, coverage ends once they reach age 23 except for orthodontics which is age 19.)

NOTE: If your spouse also has a dental plan through their job, they can only claim from their own plan, unless the dental work is performed at a WA Health Maintenance dental office.

What is covered?

- Unlimited benefit maximum
- Current year O.D.A. Fee Guide

The following services are covered at 100% if they are performed by a WA Health Maintenance dentist:

- **Diagnostic** services, such as “check-ups” and x-rays.
- **Preventive** services, such as teeth cleaning and instruction on the care of your teeth.
- **Restorative** services, such as fillings
- **Surgical** services, such as tooth removal and drainage of abscess.
- **Endodontic** services, such as root canal surgery
- **Periodontal** services, such as treatment for gum disease

The following services are covered at 50%:

- **Orthodontics** services for dependent children under 19 years old.
- **Prosthodontic** services, such as dentures, denture repairs, relines, tooth additions, liners, crowns and bridges
- **Endodontic, periodontal and surgical** services performed by a dental specialist to whom you have been referred by your WA Health Maintenance dentist.

Limitations

- Complete oral exam (once every three (3) years)
- Recall oral exam (once every six (6) months)
- Full mouth x-rays (once every three (3) years)
- Bitewing x-rays (once every six (6) months)
- Prophylaxis – to include scaling and polishing (once every six (6) months)

Exclusions

The following procedures are not covered benefits:

- Procedures or courses of treatment in which, in the professional judgment of the attending dentist, a satisfactory result is not likely to be obtained or which is not necessary, appropriate or customary.
- Reimbursement to the patient or another dental office for the cost of services secured from other physicians, dentists, or dental surgeons, other than the Dental Network office selected by the Insured, will not be paid for unless expressly authorized in writing by WA Health Maintenance .
- Treatment for any condition for which benefits of any nature are recovered or found to be recoverable whether by adjudication or settlement under any Worker's Compensation (WSIB) or Occupational Disease Law or Accidental Dental Coverage even though the Insured or Dependent fails to claim his right to such benefits, provided that this exclusion shall only apply to the extent that such benefits, are payable through such other plans.
- The cost of any dental services covered by OHIP, which covers certain dental procedures of a surgical nature, provided they are rendered in a hospital. OHIP's payment is all that you will receive for services covered by OHIP, since the Health Services Insurance Act prevents private plans for making any payment.
- Treatment for any disease contracted, or injuries sustained, as a result of war declared or undeclared, or any illness or injury occurring after the effective date of this agreement and caused by atomic explosion, whether or not the result of war.
- Care or treatment obtained which is payable by any Federal, Provincial or other governmental agency, including any foreign government.
- A prosthetic appliance for the purpose of replacing an existing functional appliance will not be provided during the first coverage year of any person and not more often than once in every four years.
- Dental treatment for cosmetic purposes.
- Treatment for congenital malformations.

- Hospitalized dental treatment.
- Any procedures and materials related to implants.
- Examinations, reports or other records required for use of a third party.
- Laboratory charges for tests, biopsies, reports, study casts and space maintainers.
- Any charge made for the cost of replacement and/or repair of an orthodontic appliance furnished to the patient, which is lost or broken through no fault of the Practitioner.
- Topical Fluoride treatment over age 18.
- ODA code 99333 (in-office lab) & code 99555 (dental material costs).
- Intentional self-inflicted injuries while sane or insane.
- Any treatment/procedure which is deemed experimental.
- Major restorative services rendered for the purpose of changing or treating the patient's vertical dimension, occlusion or temporal-mandibular dysfunction syndromes.
- Any charges for time spent traveling, broken appointment, transportation costs, completion of claim forms, or advice and/or consultation given by telephone or any other means of telecommunication.
- Fees charged in excess of the current Provincial Fee Guide.
- Maximum payable for laboratory fees (99111) for major restorative is 60% of professional fee.
- Pathology reports and/or treatments provided by an Oral Pathologists.
- Extensive specialized radiographs ordered or performed by a Radiologist.
- Expenses arising from war, insurrection or voluntary participation in a riot.
- Dental services commenced during the term of the Plan, which require completion following the expiry or termination of the Plan will not be covered after 30 days following expiry or termination.
- General anesthetic and conscious sedation services other than Nitrous Oxide administered alone without any other sedative drugs.

How does Managed Dental Care work?

A network of participating dental providers has been pre-selected to provide your dental care under this program. The program's benefits are only available from these dentists. They are not paid based on the number of procedures they accomplish. They have agreed to an alternative form of reimbursement which provides financial incentive for them to obtain and maintain a good state of dental health for those who have assigned themselves to their office.

Eligibility for Dental Care Benefits

All full-time and part-time members, and their dependents, who have completed the eligibility requirements as outlined in the General Provisions Section of this booklet are eligible for dental benefits.

As explained below please establish if your dental benefits are available only at W. A. Health Maintenance Dental Offices.

These offices are “State-of-the-Art” facilities containing fully-equipped dental suites and provide a wide range of dental services to eligible members and their families.

The dental offices are open for extended hours and members wishing to book an appointment should call the receptionist at the office nearest to you.

All members with the following preface on their postal codes wishing to receive dental benefits must attend the W. A. Heath Maintenance Dental Offices:
